

Natalia Agapova

Product / UX/UI Designer

natagapova.ru · Telegram · Email · Google Scholar

I design digital products where flows, visuals, and structure work as one system. Over three years: UX/UI, branding, and promo, from a game booth for Russian Post to an AI studio identity and landing pages with clear CTAs. I take ideas through to layouts and live interfaces, and I understand front-end constraints at handoff.

EXPERIENCE

Croissan Studio · product designer, in-house

Apr 2025 - present

Identity and digital touchpoints for an AI studio: logo, merch, illustrations, product and public-facing assets. UX/UI on client work; AI generation with manual visual refinement.

Asimov Lab · UX/UI, front-end lead

Feb - Sep 2024

MVP for an AI test-generation service: flows, screens, components. Led the front-end team in a startup; design and implementation stayed connected.

Freelance · UX/UI, web and graphic design

2022 - present

Landing pages, online stores, posters for cultural and educational projects. Figma, Tilda, client review, and launch. Volunteering: InnoStreetDance, trenirovochnaya.kzn.

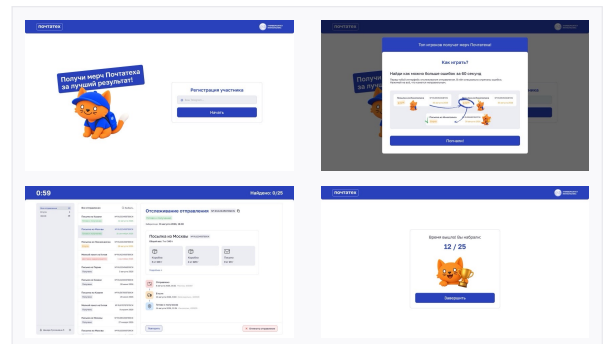

SELECTED WORK

POCHTATECH

Explain Russian Post services at a noisy expo in under a minute and hold attention. Game scenario with UI error-spotting: onboarding, registration, touch UI in client brand style.

Result: 420+ players in 7 days, 99% completion, +31% vs the previous format. **Tools:** Figma · UX scenario · touch UI

UX/UI · expo · gamification

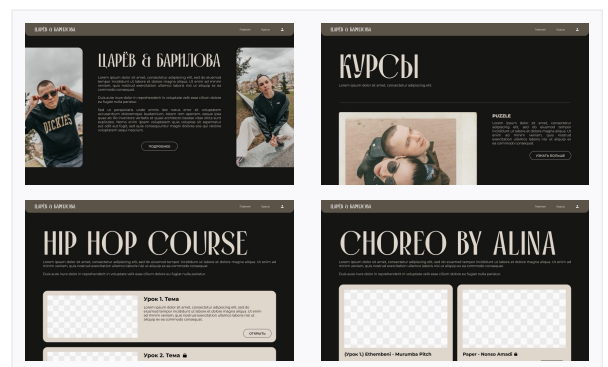

Barilova & Tsarev / Kingstep

The school sells trust in teachers, not just a course list. Home, catalog, class pages; warm typography and a dark studio aesthetic. Layouts approved and ready for Tilda.

Tools: Figma · Tilda · Illustrator

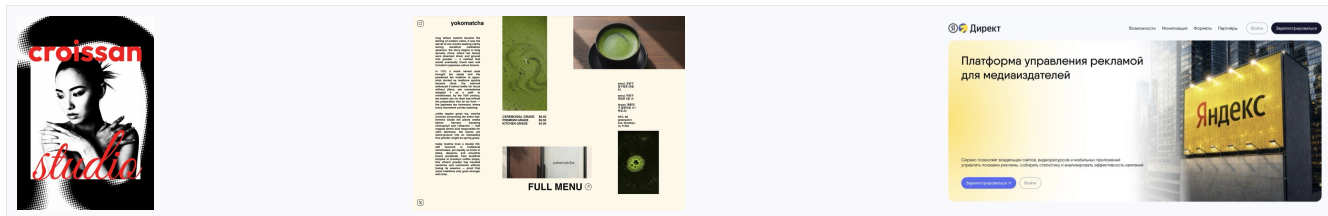

UX/UI · web · freelance

Croissan Studio · Yoko Matcha · Yandex Direct

AI studio identity: logo, merch, illustrations, one visual language. Yoko Matcha: warm e-commerce beyond templates. Yandex Direct: ad dashboard hierarchy with KPIs first.

branding · e-commerce · UI

OTHER PROJECTS

AI Camp · Innopolis: Tilda landing, program, FAQ, signup form. **Posters**: event posters in Kazan and Innopolis, up to 150 attendees from one poster. **Concepts**: experimental mockups.

SKILLS

UX/UI, product and web design · Figma, FigJam · Tilda · Illustrator, Photoshop · branding, prototyping, responsive
Russian C2 (native) · English C1+ · French A2 · Korean A1

EDUCATION

Innopolis University

BSc in Applied Artificial Intelligence

2026
